To: Honorable Robert D. Drain,

I am writing this letter to you to explain why I, Patey Newmeyer, object to the reorganization or restructuring of Purdue Pharma S.P., et al., Debtors case no. 19-23649 (RDD) Chapter 11

Because of economic reasons I am not able to hire a lawyer and do all that the court expects the correct format for my objections to the Restructure and Chapter 11 Plan of Reorganization of Purdue Pharma and all affiliated Debtors.

My son Robert Kelly Newmeyer was given Oxycodone for pain relief after having 2 back surgeries at age 23 and 25. Robert was taking this medication prescribed by a pain management Dr. He overdosed on this medication and died. This happened on May 14, 2001.

These companies are directly responsible for his death - because of pushing Drs Doctors to prescribe a potentially deadly medication on many people with pain. My understanding this medication was first manufactured by Purdue for 4th stage cancer & Opioids and Rob, my son was 26 yr. old

I am writing to you to represent the heartache this medication has brought to me and other families. The sight of my son, in a casket and the pain and sorrow of his death can be multiplied by the thousands this has happened to. Please do not allow these drug companies to forget the victims who have no voice to object to a restructuring plan without facing the responsible consequences of these drugs. I implore you to remember the victims.

Sincerely yours,  
Patsy J. Newmeyer
